

Our products inspire helicopters, fire Formula 1 cars, launch rockets into space, electrify aviation, save hydrogen and win the 24 hours of Le Mans. Challenges drive us.

In order to enhance our team we are looking for a

TECHNICAL SALES MANAGER (f/m/d)

YOUR TASKS

- Support for our existing customers and development of sustainable customer relationships
- Establishment of new customer relationships in cooperation with Business Development
- Technical and commercial preparation of offers and order negotiation
- Sales and cost responsibility for individual customer segments
- Preparation and maintenance of forecasts
- Strong interface function to the back office, concept engineering, controlling and project management
- Reporting to the Sales team leader

YOUR PROFILE

- Completed technical education (apprenticeship, HTL, FH/Uni) and/or good technical understanding through several years of professional experience
- Communicative, assertive and consistent personality with negotiating skills
- Very good knowledge of spoken and written German and English
- Very good MS Office knowledge
- Independent and structured way of working
- Teamwork
- Willingness to travel up to 20%

WE OFFER

• For this position, the collective agreement "kunststoffverarbeitendes Gewerbe" serves as a basis. The amount of the overpayment in line with the market is based on the individual professional experience and qualifications.

- A versatile job in a successfully growing company
- Technical challenges and innovations in motorsports, aviation and space industries
- Various training opportunities to improve professional and personal development
- Familiar and interactive working atmosphere
- Daily fresh cooked meals
- Various company events

We look forward to your meaningful application.
